## NEW COMPROMISE MOVEMENT STARTS

Another Reservation to Article 10  
Agreed Upon by Republicans  
and Some Democrats

### DISCUSSED ANEW IN SENATE

Pres. Wilson's Letter to Hitchcock  
Refusing Direct Compromise  
is Sole Topic Today

(By United Press.)

Washington, Mar. 9.—Discussion of President Wilson's letter to Senator Hitchcock refusing a direct compromise, broke out in the senate today soon after it met.

Lodge, republican leader, opened the debate. Efforts to agree on a compromise to the reservations to Article 10 were continued.

A new reservation was agreed upon by republicans, including Lodge, and some democrats. Whether enough democrats agreed to it was not yet apparent but it will be offered by the republicans.

Elihu Root is credited with having given impetus to this latest compromise move. He advised Lodge and other republican leaders this week to do their utmost by changing the phraseology of the reservations to win over enough democrats to bring about a ratification.

Lodge declared that what the president thought about France was most unfortunate. He quoted part of the letter in which Wilson said "Militarists are in control of the French government."

Although the President did not say what reservations he would accept or reject, he asserted that almost all the qualifications suggested were in effect "virtual nullifications" of the pact. To weaken Article 10 of the league of nations covenant, he said, would be to cut the very heart from it. While there is no objection to stating the constitutional methods by which objections under Article 10 would have to be fulfilled, the President continued, it was mere supererogation to do so, inasmuch as all the great powers recognized in framing the treaty that it was subject, in execution, to the constitutional safeguards, imposed by each country.

## HARGES DANIELS PROLONGED THE WAR

Admiral Simms Says Navy  
Department Failed to Co-operate  
With The Allies

### A "HAND TO MOUTH POLICY"

(By United Press.)

Washington, Mar. 9.—The war was prolonged four months by failure of the navy department to act promptly on recommendations of the naval authorities and himself, declared Admiral Simms today before the senate naval affairs subcommittee testifying in its probe of the navy war work.

In the first few months of the war, he said, the navy pursued "a hand to mouth policy." Simms, who was the first witness called, attacked the American naval policy and Secretary Daniels, and the beginning his testimony characterized:

That the navy failed to co-operate fully with the allies, which resulted in needless sacrifice. That Simms' efforts to get teamwork were "delayed or nullified."

That Daniels' committed a "man-of-war outrage" in making public one of Simms' letters regarding Admiral Wilson and various other naval officers and sending it out by radio.

That a campaign of deliberate propaganda had been resorted to by Daniels to injure Simms.

### YEGGMEIN FAIL

Kansas City, Missouri, Mar. 9.—Three bank employees were shot and one was fatally wounded when four masked bandits attempted to hold up the South Side bank here today.

## INDIANA STATE LIBRARY THE DECLINE INFLUENZA

Only Eight New Cases Reported in  
The Past Few Days

Only a very few cases of influenza have been reported in Rushville during the last few days. For the first eight days of March, the total number of various contagious diseases has been only 15. For the entire month of February there were 171 different cases reported, including smallpox, chickenpox, measles, tuberculosis, influenza and scarlet fever.

The past few days only eight cases of influenza have been reported, and among these are, Fred McGinnis, John Colvin, the Amos Baxter family (3), Robert Daubenspeck and Mr. and Mrs. John Logan.

## WORKERS CHEERED WITH THE RESULTS

Remarkable Success Met With by  
Committees Preparing For  
Farmers Day March 18

### MEETING HELD LAST NIGHT

Definite Assurances Received That  
National Corn King Will Act  
as Judge at Show

All doubt about the success of Farmers Day, which will be celebrated in Rushville Thursday, March 18, was removed following an enthusiastic meeting of committees at the court house assembly room last night.

The remarkable showing of the finance committee, after one day's canvass, cheered the committeemen wonderfully and made them resolve to redouble their efforts in order to perform their part of the work necessary to make the day what it should be in every respect.

Definite arrangements have not been made by the dinner committee for serving Rushville's guests at the county dinner party, which is announced as a feature of the day, but the question was discussed thoroughly last night. The committee reported that arrangements could be made to feed approximately twelve hundred persons in the churches and lodge rooms of the city.

The idea was expressed by some men present that it would be far better if the whole crowd could eat in one large building. The suggestion was taken under consideration by the committee and will be investigated before final details are completed.

Fred Bell, president of the Rush county Farmers' association, who presided at the meeting, reported that he had been in communication with Peter J. Lux of Shelbyville, national corn king, and had received his definite promise to be here to judge the corn entered in the Rush county show, and to exhibit the twenty champion ears with which he won the prize at the national show.

It was decided last night to increase the corn show prize money from \$100 to \$120, all of which will be paid in cash. The \$20 additional will be used to pay a \$10 prize for the best ear of white corn and a similar amount for the best ear of yellow corn. The \$100 will be divided as follows:

Twenty-five dollars as first prizes in the classes for white and yellow corn; fifteen dollars for the second prizes and ten dollars for the third prizes.

It is confidently believed that these prizes will bring out the best corn in Rush county and will demonstrate that Rush county can grow good corn as well as the neighboring counties of Shelby and Johnson. It is stated that farmers can very easily make an exhibit at this time because they have their seed corn laid away ready for planting this spring.

Decision was also reached to give out the tickets for the dinner at the court house the morning of Farmers Day, instead of distributing them among the merchants and officers of the farmers association.

The committee chairman will meet at the office of the Republican company Thursday night.

## NO APOLOGY FOR BEING CHRISTIAN

It's The Other Fellow Who Should  
do It, Dr. G. S. Henninger Says  
at M. E. Revival

### GREATNESS OF CHRISTIANITY.

It Took a Great Sacrifice, it Saves  
Great Sinners and It's Something  
to be Proud of

Monday is generally considered an "off" night in religious circles but the crowd at the St. Paul's Methodist church together with the large chorus choir, completely set at naught this oft repeated statement. The congregation was even larger than on Sunday and the interest was more intense.

The Rev. George S. Henninger's sermon last night was on the greatness of Salvation. "I am not here," said he, "to offer you a little something. I am offering you the opportunity of uniting yourself with the greatest thing in the world. Many men seem to take great pride in the fact that they are employees of a great institution. I have a friend who said to me one day with great pride that he was now working for the biggest institution in the land, namely the Standard Oil company. I supposed that he was in a position of great trust, but upon further inquiry found that he was a driver of one of their oil wagons. Now I do not minimize his position as a driver; I merely wish to make the point that his pride rested in the fact of his being an employee of a great institution; and thus it is with the Christian. Quit talking Christianity in subdued tones. Let the whole world know that you are a Christian."

"This Christianity of ours is great because of the fact that it took a great sacrifice to make it possible. Nothing is accomplished today without great sacrifice. Again, this Christianity of ours is great because it saves great sinners. I am a member of two of the largest secret societies in the world, namely the Masons and the Odd Fellows. These organizations as great as they are only take a man after he is made, but Christianity takes him before he is made. Christianity takes him when he is down and out; when he has no apparent worth; when sin has engulfed his soul. 'Tis then that Jesus Christ offers to help, and I repeat that herein lies the greatness of Christianity—her utter willingness to take men without value and put value upon them."

"I know of a man who had sunk so low that when his wife informed him that she had united with the church, he whipped her so hard that she fell prostrate at his feet. He said to me, 'Do you think that Jesus Christ could forgive a man for that?' and I said, 'Yes.' And He did. Years after I buried that man after he had lived for years in the triumphs of a living faith. Lastly, let

## Teachers Receive Less Pay Than Janitors, Flagmen Or Farm Hands

We Are Prone to Accept Their Services as a Matter of Fact Without Proper Appreciation of Services Rendered, Says A. L. Gary, Former County Superintendent of Schools.

### AVERAGE WAGE \$67 A MONTH

To the editor of the Daily Republican.

Dear Sir:

I see the authorities have set apart one week to be known as "Teachers week." This is especially fitting. No class or profession has done more for civilization than has the teacher. From the primary through the University the teacher is our guide and frequently our only guide. She teaches us to read and teaches us what to read. She is a moral force in every community; no district is so remote or inaccessible for her influence.

We are prone to accept the services of the teacher as a matter

## "WHY NOT TEACH" ONE OF SLOGANS

Supt. J. H. Scholl Points Out Many  
Advantages of Teaching Not Generally Known.

### SPECIAL FEATURES FOR WEEK.

Visiting Day Will be Observed in  
Rushville Schools on Wednesday  
and Thursday

"Why not teach?" is one of the slogans of Teachers' Week which is being observed in Rush county this week, and today Supt. J. H. Scholl presents a statement outlining some of the advantages of teaching.

The principal features of the week's observance will be visiting days in the Rushville schools tomorrow and Thursday and a Rotary club luncheon devoted to the subject tomorrow noon. The main address at the luncheon will be delivered by L. N. Hines, state superintendent, and local school officials.

"The work of the public school teacher has advantages which are not usually known," declared Supt. Scholl. "True the teacher who has spent years in preparation and experience has not been paid enough compared to the work accomplished. But to the new teacher there is an inviting field. One reason that the field is inviting is that the teachers are scarce; scarce because of the fact that many are leaving the profession and scarce because the colleges and normal schools have been short in students preparing to teach. Much of this shortage is due to the conditions created by the Great War. The supply and demand factor has shown itself. Teachers and students were eagerly sought by the army. The demand for teachers led from teaching to other work. This condition has brought the nation face to face with the great need of educated persons to teach in the schools. The beginning teacher will find the service more attractive financially than those who entered years ago. Also the state will see to it that they are better paid than those who began years ago."

"The teacher's work is to be placed upon a scientific basis. The teacher's preparation will furnish as much interest in research as that of any other field of endeavor. The work with growing minds is fascinating. The pupils and the public are more and more appreciating the work of the teacher. Teaching opens the doors to advancement in all walks of life. President Wilson began as a teacher, as did ex-President Taft, and both are greater teachers today for that very reason. Governor Cox and ex-Governor Willis of Ohio and Governor Brumbaugh of Pennsylvania were great teachers. The highest paid business woman was a teacher; so were Jane Addams, Anna Howard Shaw, Ida Tubbell, Honore Wiltse, Josephine Daskam Dodge, Henry Wadsworth

## OLD CUSTOM IS RESUMED

Knights Templar Will Entertain  
Wives and Lady Friends

Rushville commandery No. 49, Knights Templar, will entertain members' wives and lady friends Wednesday evening with a banquet and musical entertainment. The banquet will be served at 6:30 o'clock and the program will be given immediately afterward.

It was formerly an annual custom for Rushville Knights to entertain their wives and lady friends, but during the war the plan was not followed, and tomorrow night's banquet and entertainment marks the resumption of the old practice. As has always been the rule, the nature of the entertainment will be a surprise to the guests.

## PLEDGES SUPPORT TO TOURNEY CHAMP

Rushville High School Praises Milroy  
Five and Offers Use of  
Gym For Practice

### TEAM HERE MAY SEE TOURNEY

Plans Being Made to Send Players  
to Bloomington to Root For  
Victors—New Captain Named

The assembly hour in the Rushville high school was given over yesterday morning for the discussion of the basketball tournament, in which short talks were made by the players and students. Everyone expressed their praise for the victory that the Milroy team earned, and the entire high school pledged their support for the first Rush county team that will go from here to the state tournament.

Plans are being made by the athletic board to send all of the members of the local team to Bloomington to witness the tournament games and help boost Milroy so that they could work their way through in the games. All of the students that will go from here will root for Milroy.

Local school authorities notified the Milroy coach last night to the effect that the gymnasium here would be open for his team any time this week, if he wanted his men to come here for practice.

The students, while hearty in their praise for Milroy, also commented highly upon the showing made by the Rushville squad and extended a vote of their appreciation to Coach Sutton.

At a meeting last night, Harold Miller was elected captain of the basketball team for next year, succeeding Emerson Headlee. The five men who played Saturday night will all be in school next year, Leonard Moore being the only player that graduates this year.

There were many Rushville and Rush county people who never saw a basketball game until the tournament, and all of these were made confirmed basketball fans. The prospects for next year look exceptionally bright, both from the standpoint of having a victorious team and from the standpoint of having big crowds.

All of the visiting teams expressed their thanks for the very courteous treatment and good times that were accorded them here. The two referees, who have worked together for many years in district meetings, stated that this tournament was the best managed of any they have ever attended.

The Milroy team meets Ridgeville in their first game on Friday morning at eleven o'clock, and in case they win this contest, their next game will be at 8:30 Friday night, with either Washington or Hartford City. In case that this game is won Milroy would then be in the semi-finals.

Rush county will watch with much interest the progress of the team that represents this district, and as it goes into the meeting, the local school will send with it their best wishes for success.

## MAY CLAIM \$1,000 BY EXEMPTION LAW

1919 Act Congress Tax Payment by  
Certain Veterans of Mexican and  
The Civil War

### WILL BENEFIT WIDOWS ALSO.

Any Veteran 70 Years Old, With  
Property More Than \$5,000 are  
Allowed \$1,000 Unassessed

Not many people in this county are aware that the Indiana legislature of 1919 passed a law which provides that veterans of the Mexican and Civil wars who are seventy years old or more and widows of veterans of those wars who are sixty years and over, are allowed exemption on property to the amount of \$1,000. A local attorney, had a number of inquiries concerning such a law, and looked up the provision. He is of the opinion that a number of people who come within its scope will not be required to pay taxes this year. The law provides that the exemption shall not be granted to any veteran of such wars or to any veteran's widow if such individual owns property which is assessed at \$5,000 or more.

A number of veterans and veteran's widows living here do not own property which would be appraised for much more than \$1,000. It is believed that in such cases no taxes would be collected. This law is entirely different from the mortgage exemption measure.

Because of the number of people who will be benefited by the measure the law which is found on page 586, Acts of 1919, it is reprinted in full.

"Section 1—That any soldier or sailor who served three (3) months or more in the armies or navies of the United States during the Civil or Mexican Wars, as evidenced by a pension certificate, and who shall have reached the age of seventy (7) years or more; or the widow of any such soldier or sailor, as evidenced by a pension certificate, who shall have reached the age of sixty (60) years or more, may have the amount of one thousand dollars (\$1,000) deducted from the assessed valuation of his or her taxable property upon the first day of April of each year, wherein the amount of taxables as shown by the duplicate does not exceed \$5,000, and the balance remaining after such deduction shall have been made, shall constitute the basis for the assessment and taxation of the property of the soldier, sailor or widow herein mentioned.

"Section 2—Any person desiring continued on Page Six

## BACK MAY BE BROKEN AS RESULT OF FALL

Charles Talbot Sent to Indianapolis  
Immediately After Accident  
This Morning

### FALLS OFF OF GARAGE ROOF

Charles Talbot of Indianapolis was seriously injured here this morning about ten o'clock when he fell from a roof of a garage building at the Innis, Pearce and company's plant, the exact extent of his injuries not being known, as he was sent immediately to the Methodist hospital in Indianapolis for an X-ray examination.

Talbot, who is employed by the John Marville Roofing company of Indianapolis, was working on the roof of a small garage building, and in some unknown manner became unbalanced and fell to the ground, a distance of 15 feet.

The roofing company has been putting a new roof on a portion of the factory, and were at this time engaged on one of the smaller buildings. Local physicians examined Talbot and say that he probably suffered a broken back, but advised an immediate X-ray examination. He was sent to Indianapolis on the 10:45 C. I. & W. passenger train.

# No More Getting Up Nights!

Bladder Weakness Quickly Corrected By Recent Scientific Discovery For Old and Young

50 Cent Package Free

What a wonderful comfort to sleep all night and not get up at least once, and maybe six or eight times, every night because of bladder weakness. Have you forgotten what the restfulness and luxury of an unbroken night of untroubled sleep is like?

Wonderful! Wonderful! Sleep like a Top All Night Long! Kellogg's Brown Tablets Make One Feel Young Again.

Among the principal causes of this trouble is chronic enlargement of the prostate gland and bladder irritation and of these and of the scientific discovery upon which Kellogg's Brown Tablets are based, a noted medical authority says: "A symptomatic cure is usually achieved." The frequent impulses to urinate and the recurring desire at night cease. Successes with this salt have been had in men of ninety years."

Every man young and old should try this wonderful treatment. It works upon the bladder to correct the faults that are causing a host of men days and nights of untold misery.

Send coupon today, with six cents in stamps to help pay postage and packing for a free 50c trial box of Kellogg's Brown Tablets, to Frank J. Kellogg Co., 2389 Hoffmaster Block, Battle Creek, Mich.

## Personal Points

—Morris Winship transacted business today in Indianapolis.

—Paul Havens of Indianapolis was here yesterday transacting business.

—Ray Keys of Boswell, Ind., formerly of this city, was in Rushville yesterday on business.

—Lavearne Moore was a passenger this morning to Morristown, where he transacted business.

—Mrs. Louis Mauzy arrived home last night from an extended visit with Miss Ruth Collins in Chicago.

—E. L. Outland, principal of the Orange high school, spent the week-end in Richmond as the guest of his parents.

—The Misses Mary Mylet and Agnes Foust of Peru, Ind., are the guests of Mr. and Mrs. John McCoy of this city.

—Mr. and Mrs. Dan A. Honley went to Lexington, Ky., for a short visit yesterday. Mrs. Honley was formerly Mrs. Agnes Razor.

—Mrs. Harry Horsley has returned to her home in Connersville after a three weeks visit here with her parents, Mr. and Mrs. Al Linville.

—Mr. and Mrs. J. M. Priggs have returned to their home in Huntington, Ind., after a visit in this city with Mr. and Mrs. Frank E. Wolcott.

—Miss Helen Priggs, supervisor of music in the Waveland schools, spent the week-end in this city the guest of her aunt, Mrs. Frank E. Wolcott.

—Mr. and Mrs. John McCoy have returned to their home in this city, after attending the funeral services yesterday in Indianapolis of the late police sergeant, Maurice Murphy, who was killed in a revolver duel last week while in the act of making an arrest.

## NAMED STATE SECRETARY

S. L. Trabue Appointed to Fill Vacancy on Democratic Committee

(By United Press.)

Indianapolis, Ind., Mar. 9.—Samuel Trabue of Rushville has been appointed secretary of the democratic state committee, A. C. Sallee, chairman, announced today. The position has been vacated since January 1 when Sallee resigned to accept the chairmanship.

Trabue is an attorney and has practiced law at Rushville for twenty years and has much experience in organization work.

## Teachers Receive Less Pay Than Janitors, Flagmen or Farm Hands

Continued from Page One

teacher, while the teacher is the only one of all these who must make special preparation for her work. She must be a graduate of a commissioned high school or its equivalent and besides must have a special course in some college or university. Who has ever heard of a flagman or janitor or farm hand taking any special course of instruction preparing for his job. Is not the work of the teacher as important as either of the other occupations named?

In 1902 the average wages paid teachers in the grades was approximately \$35.00 per month; cost of living has more than doubled since then and yet the average wages now paid in the grades is approximately \$67.00 per month. A coal miner or a railroad employee would not submit to this. They have the power and

## THE "BLUES" Caused by Acid-Stomach

Millions of people who worry, are despondent, have spells of melancholy, feel blue and are generally miserable believe that these conditions are due to outside influences over which they have little or no control. Nearly always, however, they can be traced to an internal source—acid stomach. Nor is it to be wondered at. Acid stomach, beginning with such well defined symptoms as indigestion, belching, heartburn, flatulence, etc., will, if unchecked, in time affect to some degree or other all the vital organs. The nervous system becomes deranged. Digestion suffers. The blood is impoverished. Health and strength are undermined. The victim of acid stomach, although he may not know the cause of his ailments, feels his hope, courage, ambition and energy slipping. And truly life is dark—not worth much to the man or woman who has acid stomach!

Get rid of it! Don't let acid stomach hold you back, wreck your health, make your days miserable, make you a victim of the "blues" and gloomy thoughts. There is a marvelous modern remedy called EATONIC that brings out such quick relief from your stomach troubles—acid stomach, indigestion, heartburn, etc.—that you get back your strength, vigor, vitality, enthusiasm and good cheer. So many thousands upon thousands of suffering have used EATONIC with such marvellously helpful results that we are sure you will feel the same way if you will just give it a trial. Get a big 50 cent box of EATONIC—the good tasting tablets that you can take a half of candy—from your druggist today. He will return your money if results are not even more than you expect.

(FOR YOUR ACID STOMACH)

# You Saw These Knockabout Suits and Polo Coats in Vogue

Suit 4010 has consistently chosen Scotch Tweed mixtures to express the simple lines of this Knockabout suit which the tailored lady is wearing. A contrasting color to face collar and cuffs, and a tiny piping of the same color through the belt add a touch of smartness.

Suit 4030 (on the lady at the left) is of Irish Homespun, and assumes a decidedly mannish air through the cut of its collar, cuffs and pockets. And by means of two buttons on each side of the skirt it combines straightness of line with walking comfort.

And we want you to know that we carry these coats and suits with the Wooltex label that stands for "That Well Dressed Look" for each and every type. And you know that is really the secret of being well dressed at all times. It is having just the right costume—right for your type and right for certain kinds of occasions. Now come the Spring days and the call of the great out-of-doors when, for the greater part of each day, you will be needing a walk-

**Wooltex**  
Tailor-mades

Designed and Tailored by  
Chas. H. Black Co.

It's just a bit of white satin embroidered in gold and black. But, neatly fastened inside the collar of your tailormade, it means that you'll wear the coat or suit with all the pride we take in signing it! Remember, no matter how much it "looks like" a Wooltex Tailormade, it just can't be without that Wooltex signature shown above!

"Meadowbrook." This is another smart Polo Coat. Large, square pockets, convertible collar with self stitching and a nice broad belt make it unusual. The shoulders are snug, the back straight with stitched seam down the centre. It is open in back from about six inches below the waist to the hem. In the same colors as the "Pinhurst."

ing suit or a big soft Polo coat with a semi-sports air.

And how about your particular type? The models that bear the Wooltex label consider all types and adapt the favorites of the season to the different types. Note for instance the Knockabout suits, illustrated above—one on the strictly mannish type, another a bit more feminine. And the Polo Coat at the left with its swagger sports air; while the other Polo Coat at the right is just as smart but a trifle more dignified.

"Pinhurst." It's of French Blue Angora Polo, this little sports coat. The Gray Angora Tweed facing conceals two little pockets, and those sharp little points over the hips are extremely smart. The cuff is "linked," the shoulders snug, and the back full. It comes in Squirrel, French Blue and Tan—the Tweed collar is of self or contrasting Angora.

James Foley

the willingness to freeze and starve the public, and by holding this weapon in front of the executive and legislative departments of the government secured, their demands while the teacher's only recourse is to quit, and school boards are compelled to employ inexperienced or unsuccessful teachers.

The school board is not a charitable institution. Not one dollar should be paid to any teacher through charity. If any teacher is not worth more than a living wage, such teacher should be dismissed at once: the poor teacher is dear at any price. On the other hand the successful teacher can not be paid too much. The laborer in the school room is worthy of his hire as well as the one in the basement or at the crossing, or in the mine or shop. Teachers wages can not be paid with sympathy. Sympathy will not pay rent nor board nor tuition in colleges or university nor interest on debts. Rushville and Rush County should pay such wages to teachers that we can get the pick of the profession; that our school officials may be thronged with applicants, and that we may not lose one good teacher because of low wages. The best is none too good for us.

Respectfully,  
A. L. GARY.

NO APOLOGY FOR BEING A CHRISTIAN

Continued from Page One

there be no apology on the part of

any man for being a Christian. Let the apology be forthcoming from the other fellow who does not have the courage to do the square thing either by himself or by God Almighty."

Tonight the Rev. Mr. Henniger will preach on the theme "As a Man Thinketh". The way the congregations are increasing, under favorable weather conditions, makes it evident that the large auditorium of St. Paul's church will be completely filled. The song service begins at 7:30 sharp.

## TAKE ASPIRIN AS TOLD BY "BAYER"

"Bayer" introduced Aspirin to the physicians over 18 years ago.

To get quick relief follow carefully the safe and proper directions in each unbroken package of "Bayer Tablets of Aspirin." This package is plainly stamped with the safety "Bayer Cross." The "Bayer Cross" means the genuine, world-famous Aspirin prescribed by physicians for over eighteen years. "Bayer Tablets of Aspirin" can be taken safely for Colds, Headache, Toothache, Earache, Neuralgia, Lumbago, Rheumatism, Joint Pains, Neuritis, and Pain generally. Handy tin boxes of 12 tablets cost but a few cents. Druggists also sell larger "Bayer" packages. Aspirin is the trade-mark of Bayer Manufacture of Monacette, Germany of Salicylic Acid.

We are authorized to announce the name of W. A. Alexander of Rushville township, as a candidate for Representative from Rush county in the Indiana state legislature, subject to the Republican primary election on May 4, 1920.

## Appreciating The Teacher

We of Indiana are asked to observe Education Week this week to get a new viewpoint of the school teacher and his work. Light is going to be thrown on the schools for a whole week so that the average Hoosier will learn something about the greatest American institution, the one thing which has the greatest influence on his child, but to which he pays the least attention.

Our attention is going to be called to the fact that the one thing which, possibly more than any other, has contributed most to the success of the greatest republic ever known, is in jeopardy. We are going to be informed that the future of our American schools is endangered because we are willing to spend more to improve the type of our hogs than we are to improve the type of our offspring.

We already know that teachers are underpaid as compared with other professions requiring an equal amount of skill and preparation. Everyone knows it but few take cognizance of the seriousness of the situation and few are willing to face the situation as it actually exists.

The settlement of the problem affecting the schools has been postponed from year to year because the teachers are not I. W. W.'s. They have not agitated the salary question. They have not formed a union and served a notice on the school officials of America that America's children must grow to ignorant manhood and womanhood unless we pay their price. They have been very modest about their demands. The teachers stood by and watched the cost of living soar during the war until now it is beyond their reach. It is imperative that they have substantial wage increases in order to live. If they don't get the increase they will do as many teachers have already done—enter other professions where the pay is much higher.

The question pertains not only to those already identified with the teaching profession. It is more important that the ranks be kept filled by youngsters choosing the profession for their life's work. And they will not take up teaching unless the salaries are as attractive as those of other positions requiring an equal amount of preparation.

The situation confronts every American and has to be met now. We can't afford to turn the school houses into reform schools. We must have education or degradation. We must amplify or petrify. We must govern from within or without, and either way will mean taxes. The former means a lower rate. School houses are better than jails; colleges are better than penitentiaries. We are at the crossing of the roads, and we must keep up the standard of the schools or we can not always boast of our government of the people, which has thrived because of the high average intelligence of its constituents.

## Liquor Question Not Dead

Although officially buried by constitutional amendment, the liquor question is not yet dead. It is turning in its grave and is making des-

## Sap and Salt

By BERT MOSES

Men are better known by their works than by their words.

A modest girl is always beautiful, no matter how homely she may be.

The guy who invented money has made the world a whole lot of trouble all right.

Hez Heck says: "A head that does not raise ideas can be depended upon to raise dandruff."

Seems as though Nature, when it supplies a woman with great beauty, even things up by supplying her few brains.

Most of the world's woes have come about because people have not heard both sides of big questions fairly discussed.

perate efforts to break its bounds. Plans are already under way whereby the "wets" hope to break the chains and restore light wines and beer. This, if successful, will undoubtedly be followed by demands for the return of the stronger liquors. It is not a political question, yet no one would be surprised to see it the dominant political issue in the present presidential campaign. The end is not yet.

It would be interesting to read an assortment of quips which will be pawned off on the public about Villa bobbing up again.

Will power is God-given, but the devil often takes possession after delivery.

The pathway of life is beset with many troubles, but without them it would be a monotonous existence.

No man has a mortgage on the good things of life. Some, however, just take them.

THE PYTHIAN SISTERS TO MEET  
The Pythian Sisters, especially the officers and degree staff, are requested to attend the meeting at eight o'clock at Castle Hall, on Thursday night.

## Our Daily Laugh

New and Bright Yarns That Will Tickle You, and Will Be Relished by Your Friends When You Repeat Them.

Two war-horse tramps, veterans of the road, were scheming for a meal. A younger man joined them. "Want a hand out?" said he. "Sure," said the others. "Well, come along. Show me the first house with a friendly dog."

"Nix on the dog," said the other. "Follow me," said the young tramp.

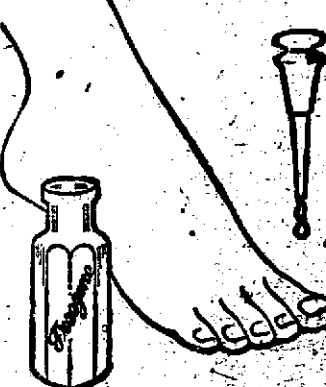

Within a mile—a comfortable cottage showed a pet fox terrier on the porch, playing with the swinging hammock. The younger tramp beckoned to the others and they sat beside the road. After five minutes of careful coaxing, and cautious whistling, the dog was "leased" away from the house. The instant he got within reach the younger man grabbed him and walloped him, but not too severely. The dog howled. Immediately an irate woman came out and said, "Stop abusing my dog—"

"Excuse me, Lady," said the young man. "He stole our lunch and ate it."

"Ah-h," said the mollified lady, quite abashed. "You three come around to the kitchen and I'll give you some food."

## Lift off Corns!

Doesn't hurt a bit and Freezone costs only a few cents.

With your fingers! You can lift off any hard corn, soft corn, or corn between the toes, and the hard skin calluses from bottom of feet. A tiny bottle of "Freezone" costs little, at any drug store; apply a few drops upon the corn or callus. Instantly it stops hurting, then shortly you lift that bothersome corn or callus right off, root and all, without one bit of pain or soreness. Truly! No humbug!

ET THESE COLUMNS BE YOUR GUIDE

### Amusements

#### He Breaks up Cattle Rustling

Every big business has its parasites and cattle rustling is the pest of the cattle business of the great Southwest, particularly on the border of Texas. Wherever a cattle thief finds cattle straying over the immense stretches of grazing land (this was more common in the days before the use of barbed wire), he drives them off and sells them. A cattle thief is the most despised of all pilferers in that country, and it is generally considered that even killing is too good for him.

"The Lone Star Ranger," a William Fox photoplay starring William Farnum, gives an accurate presentation of the historic struggle between the brave vindicators of the law and the rustlers. This wonderfully thrilling production is coming to the Princess Theatre today.

#### "Me and Captain Kidd"

In booking "Me and Captain Kidd," showing at the Mystic today the new World Film starring Evelyn Greeley, the management has secured one of the cleverest pictures of the screen. "Me and Captain Kidd" tells of a young lawyer who is retained to secure the divorce of the adopted daughter of his wealthy patron and friend. When he hears the details of the case he suddenly recognizes the girl as the woman he married some years ago.

When still at college Tom and a young girl he met on the beach where vacationing, were stranded on an island following a hunt for the treasure of the pirate Captain Kidd. The girl's father insisted that she

### What causes Indigestion

An excess of acid in the stomach sours the food and starts fermentation. Distressing gases form. Your meals don't digest, but lay like lumps of lead. Then you have heartburn, flatulence, fullness, belching, headache, and real misery in the stomach and intestines.

A few tablets of "Pape's Diapepsin" bring relief almost as soon as they reach the stomach. "Pape's Diapepsin" costs little at drug stores.

RUSHVILLE, IND.

# Just Yellow Mustard for Backache, Lumbago

Grandmother's old mussy mustard plaster or poultice generally brought relief aliright even in the severest cases, but it burned and blistered like blazes.

"Heat eases pain," reduces the inflammation and scatters congestion, but you will find that while Begy's Mustard, made of true yellow mustard and other pain destroyers is just as hot as the old fashioned plaster it is much quicker, cleaner and more effective and cannot blister.

It's a great external remedy—just rub it on wherever aches, pains, inflammation, congestion or swelling exists and in a very few minutes the relief you have longed for surely arrives because "Heat eases pain."—30 and 60 cents at druggists or by mail. S. C. Wells & Co., LeRoy, N. Y.

## Mother Falls Unconscious

"My mother, who is 69 years old, has been troubled with her liver for 35 years. Doctors said she had gall stones. Several times she fell unconscious because of these attacks. Eight months ago I noticed an Advertisement of May's Wonderful Remedy in the Toledo Blade and purchased a bottle, which did her a great amount of good. She continued the treatment and has felt entirely well since." It is a simple, harmless preparation that removes the catarrhal auquits from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At Druggists Everywhere. —(Adv.)

Winsor, district deputy of the Pythian Sisters, that it will be impossible to hold the district convention which was scheduled for this city Tuesday, April 6. She has written that due to sickness, it has been necessary for her to cancel all of her April engagements, and the date for the convention has been set for May 25.

Mrs. B. F. Miller was hostess yesterday afternoon for the members of the Monday Circle at her home in North Morgan street. Mrs. Clara Allen prepared a most excellent paper on "Alexandre Dumas—His Life and Work," and Mrs. George Davis gave very interesting pen sketches of George Sand, Empress Eugenie and Sara Barnhardt. Twelve members and one guest were present for the enjoyable meeting. The next program will be given Mar. 28 at the home of Mrs. Will Brown.

Miss Ruby Frances Gwinnup, daughter of Mr. and Mrs. Sylvester Gwinnup, and Paul E. Davison, son of Mr. and Mrs. Bert Davison, both living south of the city, were quietly married at the St. Paul's Methodist church yesterday afternoon at four o'clock, by the Rev. C. S. Black. The attendant of the bridegroom was Roy Gwinnup, brother of the bride, and the bride was attended by Miss Edith Taffee. Mr. and Mrs. Bert Davison, parents of the bridegroom, were also present. Mr. and Mrs. Davison will make their future home in a newly furnished home two and one-half miles southeast of Rushville on the Albert Winslip farm.

Mr. and Mrs. Claude Spilman entertained at their country home southwest of the city with a six o'clock dinner, Saturday evening. The guests of honor were Miss Lois Ballenger of Milroy, whose marriage to William Arthur of Marion will take place soon, and Miss Lois Blount of Butler college, who was the week-end guest of Mrs. Spilman. The color scheme carried out in the dining room was lavender and white. A delicious three course dinner was served. The guests were Miss Ballenger, Miss Blount, Miss Freda Morgan, of Earlham college and her college guest, Miss Merlie Parker, Miss Emily Morgan, Miss Mabel Morris, Mrs. Clifford Power and daughter Jean and Mrs. Roy Lines.

### STATED MEETING

The regular stated meeting of Phoenix lodge No. 62, F. A. Masons, will be held Tuesday evening at seven-thirty o'clock. Visiting Masons will be welcome.

### POSTPONED TILL TUESDAY

### NOTICE TO NON-RESIDENTS.

State of Indiana, Rush County, ss: Rush Circuit Court, February Term, 1920.

Frank M. Hudelson, administrator, with the will annexed, of the estate of Andrew B. English, deceased, vs. Minnie English et al.

Now comes the plaintiff, by Samuel L. Trabue, attorney, and files his complaint herein to construe the will of Andrew B. English, deceased, together with an affidavit that the defendants, Minnie English, Eugene English, Hugh English, James P. English, Alonzo English, Willie M. English, Carrie L. Clifton, Stella W. Dice, Otis Chandler, Belle Brown, Emma Mahew, Esther Hudelson, Ruth Hudelson, Ella K. Maxwell, are not residents of the state of Indiana. That the residence of the defendants, Lillian Sears, Ada Shelton, Albert English, Fred English (son of Hugh L. English), Rattie Wilson, Leslie Hoover, Dillie English, Charles English, Lottie English, Fred English (son of James A. English), are unknown, and that diligent inquiry has been made to ascertain the residence of said defendants, but that said inquiry has not disclosed the residence of said defendants. It is therefore hereby given said defendants, that unless they be and appear on the first day of the next term of the Rush Circuit Court to be holden on the first Monday of May A. D. 1920, at the Court House in Rushville, in said County and State, and answer or demur to said complaint, the same will be heard and determined in their absence. In witness whereof, I have hereunto set my hand, and affixed the seal of said Court, at Rushville, Indiana, this 28th day of March, A. D. 1920.

LOREN MARTIN,  
Clerk of the Rush Circuit Court.  
Samuel L. Trabue, Attorney.

By Heze Clark

(Written for United Press.)

Indianapolis, Mar. 9.—At the close  
of the most successful basketball  
season ever enjoyed by college  
teams in Indiana, Purdue Univer-  
sity is the state college champion.

The class of basketball in Indiana  
is far superior to that played in most  
states, owing to the system used to  
determine the high school champion  
team each year by a series of dis-  
trict tournaments, the winners of which  
fight it out for the state champion-  
ship. This training has developed  
some of the most wonderful players  
the country has known.

While Purdue is the recognized  
champion, still it would appear that  
DePauw has the second best team in  
the state. Purdue defeated DePauw  
twice but each time it was by a mar-  
gin of only one point. However Wa-  
bash would have something to say  
about the placing of DePauw in sec-  
ond place, the followers of Wa-  
bash pointing to that school's vic-  
tory over Purdue and Purdue also  
have victories over Wabash as has  
Notre Dame, and Earlham's claim to  
honors is knocked out by two games  
lost to Rose Poly. The Engineers  
were defeated three times by Indi-  
ana State Normal. The Teachers lost  
by a one-sided score to DePauw and  
Franklin defeated Hanover, Rose  
Poly, Indiana State Normal and the  
Indiana Dentials, but lost to DePauw.  
St. Joseph College and Valparaiso  
University also proved to be impor-  
tant teams this year. Wabash only  
defeated Valparaiso by a margin of  
two points. St. Joseph won and lost  
to Valparaiso.

Where Indiana University ranks  
would be hard to say as that school  
had so few games in this state  
not meeting DePauw and Wabash as  
in other years. Purdue twice defeat-  
ed Indiana. However Indiana had  
strong team and was about third in  
the Big Ten Conference.

While it is impossible to place the  
teams according to their probable  
strength with the exception of Pur-  
due which is without question the

## Steels in a Maxwell that Defy Time

THE steels in a Maxwell are as  
good as the steels in any car built.

For the very mission of a  
Maxwell is economy of trans-  
portation.

One single superfluous pound  
burdens the car's efficiency.

Therefore it had to be light—  
but it had to be strong; it had to  
endure; it had to stand the worst  
of road shocks.

To make it strong but light in  
weight meant the very generous  
use of those rare steels that pro-  
vide both.

In that way a Maxwell came  
to be endowed with steels that  
defy time, defy wear, defy shock,

defy the moods of the careless  
driver.

You will find a Maxwell de-  
livers extended mileage—as long  
life as any car built, no matter  
what the price.

And not only long mileage  
but economic mileage. Because  
fine steels give little trouble and  
light weight spins out the mile-  
age on a gallon of gasoline.

Such traits have made friends  
for the Maxwell in ever growing  
numbers—nearly 400,000 to date.

Only 100,000 can be built this  
year. That means 60,000  
will have to take another  
car besides Maxwell—  
a second-choice car.

## ONEAL BROS.

best quintet in the state, still it is  
possible to select a mythical five nam-  
ing the best players on the first  
team and also selecting two other

### WILL START ARBITRATION

Railway Wage Controversy is Sched-  
uled For Wednesday

Washington, Mar. 9.—Arbitration  
of the railway wage controversy un-  
der the terms of the Esch-Cummings  
law will start here Wednesday, it  
was announced today.

Representatives of the railroads  
and two million union workers will  
meet here. The findings and recom-  
mendations of this joint commission  
must be ratified by the labor board  
established by the railroad law.

Negotiations for appointment to  
this board are being prepared by the  
unions and the railroads.

### TO NEGOTIATE PEACE.

premier has accepted a proposal of  
the Russian-Soviet government to  
negotiate peace, according to advic-  
es from London.

### A Grateful Woman's Story

Mrs. Robert Blair, 461 S. 20th St.  
Terre Haute, Ind., writes: "I suffer-  
ed with kidney and bladder trouble.  
After taking Foley Kidney Pills a  
few short weeks I found my trouble  
gradually disappearing. The back-  
aches stopped and I am also free  
from those tired spells and headach-  
es, and my vision is no longer blur-  
red." Foley Kidney Pills help the  
kidneys keep the blood clean and el-  
minate the impurities that cause  
backache, rheumatic pains, sore,  
stiff and swollen joints and mus-  
cles. F. B. Johnson. —(Adv.) 7

## Used Daily in Thousands of Homes

MANY thousands of families have found that HESS Witch Hazel Cream is a household necessity—just as essential for the care of the skin as toilet soap for cleansing.

FOR MEN! As an after-shaving lotion, there is nothing quite so good as HESS Witch Hazel Cream. It cools and soothes the skin, making it as smooth as velvet.

FOR WOMEN! After washing dishes or doing other housework, every woman should use HESS Witch Hazel Cream on her hands and arms. It keeps the skin clear, soft and white.

FOR CHILDREN! It protects against chapping in winter and sunburn in summer.

THE E. E. HESS CO., Brook, Ind.

## PREDICTS AN OIL FAMINE IN THE U.S.

American Petroleum Congress to Discuss Means to Prevent Depletion of the Supply

5,000 MAGNATES ATTEND

Statistics Show During Last 18 Months Storage of Crude Oil Has Fallen off 50,000,000 Barrels

Chicago, Mar. 9.—Way and means of overcoming the threatened oil famine which is predicted to come this summer, along with other vital questions of the oil industry will be discussed at the first annual convention of the American Petroleum Congress which convened here today.

More than 5,000 magnates, representing oil interests from all parts of the country, were to attend. Among those scheduled to address the congress are Senator Robert L. Owens, Oklahoma; Henry L. Doherty, New York; Judge J. J. Veasey, Tulsa; W. E. McEwen, Cleveland; Richard H. Lee and Edward Prizer, New York; Senator Albert B. Cummins, Des Moines; Joseph W. Folk, St. Louis; Major General Harry L. Rogers; Governor Frank O. Lowden of Illinois and Vice-President Thomas R. Marshall.

"A great shortage is imminent," John D. Reynolds, secretary of the association said. "Statistics show that during the last eighteen months the storage of crude oil has fallen off 50,000,000 barrels. Now there are not more than 13,000,000 barrels in storage and the monthly depletion is estimated at 10,000,000 barrels.

"Unless some unforeseen pool develops and production is increased, the nation will depend entirely upon oil as it comes from the ground," he continued. "This shortage will have considerable effect on manufacturing industries throughout the country. We are here to solve this problem and to encourage activity in drilling new pools."

Plans are under way to rid the country of fake oil promoters, fake oil securities.

"The New York Problem Exchange as a Stabilizing Influence in the Oil Industry" will be the subject of an address on Thursday by Felix Renick, secretary of the exchange.

"The objects of the exchange," Renick told the United Press today, "include the establishment of rigid listing regulations based on personal investigation of properties and management of the companies whose stocks are sought to be listed, that will strike at fraudulent oil promotions."

Renick said the exchange contemplates erection of a building in the financial district of New York where Petroleum securities, leases and stocks will be traded in.

## NEXT A SHELL WAR.

The following statement by Paul Painleve is the last of a series of discussions of the possibilities of modern warfare in the next great war. Painleve, former French war minister, declares high-speed, self-driven high explosive shells will play probably the greatest part in future wars.

By PAUL PAINLEVE  
(Former French Minister of War)  
"I dare hardly consider such a horrible and unlikely hypothesis, although I cannot believe the war has been abolished forever, as the hope has temporarily existed.

"Another war would differ with the one before first in the more considerable part played by aviation. It is certain that we should suffer bombardments which would be much bigger, more frequent and causing more evil than in 1918.

"On the other hand, the gas war would be more intense and of a perfection which would be crushing.

"The great innovation would undoubtedly be the use of new shells, about which so many studies have been made throughout the war in all countries. These shells, being almost fired without cannon, and acquiring speed by themselves would have an extraordinary range. What would be necessary, is precision, which will be had within a few years, or a few months, if not immediately.

"Much progress has been made in that direction, and it is easy to conceive what evil these shells could carry with them far away."

## DECLINES TO BE CANDIDATE

New York, Mar. 8.—Reiterating his stand that all delegates to the democratic national convention should go uninstructed so far as possible, William G. McAdoo telegraphed his refusal to B. Ewing, chairman of the democrat state committee of California, to allow his name to be played on the primary ballot sheet for nomination in the presidential election.

Argument for Self-Culture.  
No man can avoid his own company, so he had better make it as good as possible.—Boston Transcript.

Remember, Two Days

### CHECK UP

It's good to have money and all the things that money will buy; but it's good, too, to CHECK UP once in a while and make sure that you are not LOSING the things that money can't buy. I have refused treatment to patients who were INCURABLE or HEART DISEASE, EPILEPSY, DEAFNESS, Etc. Here is an example in NEGLECT of your HEALTH. One patient with INSTANT DEATH staring him constantly in the face—VALVULAR HEART DISEASE. An EPILEPTIC whose physical condition defies the science of medicine. Another who will become a HOPELESS CRIPPLE. And still one more who is doomed to DEAFNESS for life.

### NOW CHECK UP

How are your Eyes, Nose, Throat, Lungs, Ears, Bronchial Tubes, Stomach, Liver, Constipation, Gall Stones, Kidneys, Bladder, Nerve System, Digestion, Rheumatism, Female Disease, Headache, Heart, Ulcers, Skin Disease, Neuralgia, Vitality?

### THERE IS A CAUSE

for all the above diseases. And if a correct diagnosis is given in time, and the proper medical treatment administered—everything is in your favor of HEALTH. Neglect makes you an INCURABLE—like the case above referred to.

### DON'T

be content with doing your duty. Do more than your duty. It's the horse that finishes a neck ahead that wins the race.

### WHAT I TREAT

Chronic Diseases of the Eye, Ear, Nose and Throat, Bronchial Tubes, and Lungs, Indigestion, Dyspepsia, Constipation, Liver Disease and Gall Stones, Stomach and Bowels, Bladder and Urinal Troubles, Neuralgia, Rheumatism, Skin Disorders, Headache, Dropsy, Old Sores, Ulcers, Nervous Diseases, Blood Poison, Female Diseases.

**EXAMINATION FREE**  
Office Hours 9 a. m. to 9 p. m.

### DON'T WAIT ON TIME

#### GET BUSY IF YOU WANT TO ENJOY GOOD HEALTH

The New Year is at hand. But January 1st and the days to follow will be no different from December 31st and the days behind, unless you make them different.

One of the silliest of human delusions is the idea that time will bring everything out all right. Haven't you heard people get that off—and then proceed to do nothing whatever with time?

Foolish people leave all sorts of things to time. Some leave the question of ill health to time. Others leave the question of thrift to time.

Left to itself, time is nothing but a grand little passer. Look how it passes in the desert and in the Arctic Circle. Plenty of time—but no potatoes.

Don't leave anything to Father Time. He won't do anything for you. He can't. All he does is to provide you room in which to perform. If you sit in the corner and wait for him to do your job, you'll be disappointed.

Father Time is only a sort of janitor in the employ of the Almighty. He sees the tenants come and go. But he has nothing to do with any of them, cares nothing about them. When you enter the arena he may bow and say, "Good morning." When you check out seventy or eighty years later, he may say, "Good night." That, however, will be the extent of his interest in you, or knowledge of you. He sees billions pass in and out the gate—dunces, mediocres and bright boys like Caesar and Willie Shakespeare. But they all look alike to him.

## BRAZIL PLANS A BIG CENTENNIAL

Celebration of Country's Hundredth Birthday Anniversary Will be Held in September, 1922

WILL BE LIKE A WORLD FAIR

All Countries Will be Invited to Send Exhibits—United States Expected to Participate

Washington, Mar. 4.—Celebration of Brazil's one hundredth birthday will be held on a big scale in Rio de Janeiro in September, 1922, according to the Pan-American Union here today.

The celebration will take on the appearance of a world's fair, according to Franklin Adams, counselor of the Union. Adams has just returned from a tour of Argentina and Brazil.

According to Adams, Brazil will celebrate its centennial on an elaborate scale.

To stimulate interest throughout Brazil the government has offered prizes for the best opera, depicting the history of Brazil, and for the best drama, also relating historical events.

All countries will be invited to send exhibits and the United States is expected to send a big exhibition either in painting or statuary.

Huge pageants will be held and Rio de Janeiro will probably take on the appearance of a carnival of gayety for several weeks. Visitors are expected from all parts of the world for the event.

Though the Olympic games are not scheduled to be held in 1922, efforts are to be made to induce those in charge of the games to make an exception and allow the games to be staged. Failing this, an invitation will be sent out to all countries to send their athletes to compete in an international athletic meet.

### IS ADJUDGED INSANE

George Murdock of Homer was adjudged a person of unsound mind in an inquest conducted yesterday by Squire Steeb at the Murdock home in Homer. Drs. Fred Finlaw of Arlington and Emerson Barnard of Manilla assisted in the inquest. Murdock is 20 years old, and application for admission to the Madison hospital was made at once.

### Jud Tunkins.

Jud Tunkins says some of the bitterest rivalries in Parsnipville have been caused by the honest desire of different people to work hard and show everybody a real good time.

## Sure Success Will Arrive In Due Time

Aid Already Gained Convinces Mrs. Quinn Trutona Will Soon End Troubles.

Indianapolis, Ind., Mar. 8.—Proof that Trutona is an unexcelled strength builder for convalescents who have suffered serious illness is in this sincere and grateful statement of Mrs. Harry Quinn of 30 West Twenty-Sixth street, and who is a well known Indianapolis woman.

"My system was generally run down following a serious sickness I had several months ago," Mrs. Quinn said. "I was weak and didn't have much of an appetite. At times I would become restless at night. I seemed to be absolutely without ambition. It seemed to be impossible for me to gain strength. My stomach seemed to be out of order and I was annoyed with bloating and constipation."

"I have taken only one bottle of Trutona but the benefits that I have received so far have convinced me that after taking a few more bottles I will be entirely relieved of my troubles. Trutona has given me new strength and ambition in almost no time. My appetite has improved and I sleep much better at night also. My stomach is in better shape. The bloating has stopped and my bowels act more regularly. This change in my condition is due to Trutona and Trutona alone. I don't hesitate to recommend this medicine to others."

Trutona is now being introduced and explained in Rushville at Hargrove and Mullin's Drug Store. Adv.

The Doctor Says:

## "You Never See Aged Fat People"

The physician is telling these two patients, each of whom feels "more or less upset most of the time," that if they reduce their weight they will become healthier, more contented—and longer lived.

Overstoutness imperils the health in many ways. The accumulations of adipose tissue, packed around the vital organs, cause serious disorders, one of the most dangerous being the liability to sudden HEART FAILURE. If you are corpulent, you know the strain upon your heart, particularly when compelled to undergo some unexpected activity. Your life is no stronger than your heart. Don't risk untimely death. Ask any physician what this means!

### REDUCE WEIGHT HAPPILY!

Fat people are often victims of apoplexy, collapse from heat or sunstroke. The risk of accidents is greater than among persons of normal weight. When fat people become ill from almost any ailment their risk of death is greater. And you want to live!

Adiposity dulls the mental as well as the physical processes. It impedes progress to social, or professional, or business success. It is the foe to efficiency, symmetry and personal beauty.

Become slender! Do it by the best self-treatment in the world. Follow the pleasant and inexpensive

AT DRUGGISTS' OR BY MAIL  
If you prefer to obtain Oil of Korein from a druggist, send \$1 cash, money order or check to KOREIN COMPANY, Inc., 146 East 32d St., New York, N. Y.

**Oil of Korein**  
The Gentle Way To Reduce

Korein system by taking OIL OF KOREIN and applying the simple seven directions to your own life. Easy and satisfying. No thyroid, no salts, no calomel eat all you need, no tedious exercising. The Korein system is a delight to overstout persons who have the ambition and good sense to reduce their size.

Obtain Oil of Korein in any busy drug store. The directions of Korein system accompany it; also the \$100.00 GUARANTEE that you will reduce 10 to 50 lbs., or more (whatever you need to), or your money refunded without hesitation upon your request, as specified. This is the genuine weight-reduction treatment that you have been seeking!

### BECOME SLENDER NOW!

Weigh yourself and use the tape measure before starting. Keep a record of your reduction from week to week. Listen to the pleasant remarks of your friends when they observe how much more attractive you are becoming. If you have been refused life insurance because of your excessive fatness, you may soon be accepted as a "good risk."

Sparkling eyes, sprightly step, keenness of mind, suppleness, symmetrical figure, vivacity, vitality—worthwhileness in life—await you! Adopt the delightful Korein system. Make the start to-day. Add years and happiness to your life.

NEW BROCHURE FREE TO YOU  
A brochure of Korein system, with convincing testimonials, will be mailed free (the plan wrapper) if you write to KOREIN COMPANY, Inc., 146 East 32d St., New York, N. Y.

## TWO STATE PARKS WILL OPEN APRIL 1

Turkey Run and McCormick's Creek Will be Ready For Public on That Date it is Announced

BOTH ARE POPULAR PLACES.

More Than 33,500 People Visited Turkey Run Last Year—Contains 280 ACRES

Indianapolis, Ind., Mar. 5.—Turkey Run and McCormick's Creek Canyon, Indiana's two state parks, will be opened on April 1, it was announced today by the Department of Conservation.

Turkey Run is a 280-acre tract of virgin wilderness situated in northern Parke County where the nature lover can find environment similar to that in which our forefathers struggled and lived. Its natural scenic beauty, abundance of shade and sparkling, limpid waters, teeming with fish life offer allurements to the business man bent upon quiet and recreation far from the marts of toil and human ken.

A modern hotel was erected and opened at Turkey Run last season, making possible the conveniences of city life in this virgin wilderness. More than 33,500 persons visited this delightful retreat last season.

John M. Davis the new superintendent at McCormick's Creek Canyon park, has prepared to rejuvenate the old Denklewater sanatorium this spring and informs the Department the park will be ready to open on the first of April. This park which consists of 350 acres of primeval wilderness has all the natural advantages of Turkey Run. Its rocky canyons are carpeted with ferns, luxurious grasses and rare and beautiful mosses and lichens. Each canyon has its diamond clear brook. One may roam for hours through the deep woods where many monarchs of the beech, walnut, sycamore, maple, poplar and oaks proudly rear their lofty branches heavenward—stalwart and survivors of a decadent past.

McCormick Creek Canyon is located three miles east of Spencer and is of easy accessibility. The road between the park and Spencer has been dragged and is to be graveled this spring by the township wherein the preserve is located.

### CREW AND PASSENGERS SAVED

Milwaukee, Mar. 9.—A Pere Marquette passenger and freight packet steamer sank one half mile off the harbor of Ludington, Michigan, Monday. The crew numbering 35 persons and about 12 passengers were rescued.
